SEARCH
FOR
WINTER SUNBEAMS

IN
THE RIVIERA, CORSICA, ALGIERS,
AND SPAIN.

BY
SAMUEL S. COX,
AUTHOR OF "THE BUCKEYE ABROAD;" "EIGHT YEARS IN CONGRESS," ETC.

WITH NUMEROUS ILLUSTRATIONS.

"By what means to shun
The inclement seasons, rain, ice, hail, and snow,
Which now the sky, with various face, begins
To show us * * * while the winds
Blow moist and keen, shattering the graceful locks
Of these fair spreading trees; which bid us seek
Some better shroud, some better warmth."

PARADISE REGAINED.

NEW YORK:
D. APPLETON & COMPANY,
549 & 551 BROADWAY.
1874.

ENTERED, according to Act of Congress, in the year 1870, by S. S. COX, in the Clerk's Office
of the District Court of the United States for the Southern District of New York.

TO MY CONSTITUENTS
OF THE
SIXTH CONGRESSIONAL DISTRICT OF
THE CITY OF NEW YORK.

To you, I have the honour and pleasure of dedicating these "Sunbeams" of travel. They were made bright by your confidence, and cheerful by your indulgence ; without which I could not have pursued them, into far and almost untrodden paths—in "search" of the health so needed, and I trust, secured—for the duty which you have devolved upon me.

WESTMINSTER PALACE HOTEL,
LONDON, *Sept.* 1, 1869.

IN MY CONSTITUENT

OF THE

SIXTH CONGRESSIONAL DISTRICT OF

THE CITY OF NEW YORK

I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the proposed amendment to the Charter of the City of New York, and in reply to inform you that the same has been referred to the Committee on the Charter, and that they are now holding public hearings thereon. It is the policy of the Board of Estimate and Apportionment to hold such public hearings, and to afford every opportunity to the citizens of the City to be heard in person or by their representatives, in relation to any proposed amendment to the Charter.

Very respectfully,
J. J. [Name]

Secretary of the Board of Estimate and Apportionment

CONTENTS.

PRELIMINARY CHAPTER.

EXPLANATION OF THE TITLE—SUNBEAMS.

Functions of Light—Effects of Light on Mind and Body—Its sanitary influences—Music of Light—Analogy between Light and Sound—The sunlit shores of the Mediterranean—Historical associations of that sea—Corsica an Epitome of Europe and Africa Page 1
